JURISDICTIONAL TEST BY WRIT OF PROHIBITION

Jurisdiction of circuit judges at chambers, in probate or in equity, which has been exercised under the former Hawaiian laws since the Territory had birth under "An Act to Provide a Government for the Territory of Hawaii," passed by the 56th Congress on April 27 and approved on April 30, 1900, otherwise called the Organic Act, is being taken to the Supreme Court for decision one way or the other. Yesterday Ballou & Marx, attorneys for A. W. Carter, obtained a temporary writ of prohibition against Judge Gear and J. S. Low for that purpose.

Judge Gear himself, in a decision on pleadings in the so-called Parker Ranch case, suggested raising the point. He based a doubt of his jurisdiction to try a probate case at chambers for the removal of a guardian upon Sec. 81 of the Organic Act, which reads as follows: "Sec. 81. That the judicial power of the Territory shall be vested in one supreme court, circuit courts, and in such inferior courts as the legislature may from time to time establish. And until the legislature shall otherwise provide, the laws of Hawaii heretofore in force concerning the several courts and their jurisdiction and procedure shall continue in force except as herein otherwise provided."

Sec. 83 contains this provision, its opening one: "That the laws of Hawaii relative to the judicial department, including civil and criminal procedure, except as amended by this Act, are continued in force, subject to modification by Congress, or the legislature."

Circuit judges are given no jurisdiction whatever outside of "circuit courts" in Sec. 81 defining the judicial power, and it remains to be seen

whether or not they are given it elsewhere. Under the old Hawaiian laws circuit judges have continued until now to exercise jurisdiction at chambers in probate and equity matters, and for a year past also in divorce under an amendment of the Judiciary Act passed in 1903. Should it be decided that the circuit judges have improperly assumed jurisdiction at chambers, hundreds of injunction and estate settlement cases of the past four years have been determined in vain, also divorce cases since divorce was removed from the calendars of circuit court terms. In such an event dire confusion would only be prevented by an enabling Act of Congress.

That is, unless the question is carried to the Supreme Court of the United States and Sec. 81 of the Organic Act there be declared unconstitutional in destroying the ordinary functions of judges of courts of first instance, as one of the attorneys in the Parker case maintained the Organic Act was unconstitutional if it did such a thing.

Following is the text of the writ of prohibition, on which cause is commanded to be shown, on October 3, why it should not be made perpetual:

"In the Supreme Court, Territory of Hawaii.

"In the matter of the application of Alfred W. Carter, guardian of the property of Annie T. K. Parker, a minor, for a writ of prohibition against the Hon. Geo. D. Gear, 2nd Judge of the Circuit Court of the First Circuit, at chambers, and J. S. Low, next friend of Annie T. K. Parker, a minor.

"The Territory of Hawaii to the Hon. Geo. D. Gear, Second Judge of the Circuit Court of the First Circuit, at Chambers, and J. S. Low, next friend of Annie T. K. Parker, a minor, Greeting.

"Upon reading the annexed petition of

A. W. Carter, guardian of the property of Annie T. K. Parker, a minor, and it appearing to me that a Writ of Prohibition should issue as prayed for:

"Now therefore you, the Hon. Geo. D. Gear, 2nd Judge of the Circuit Court of the First Circuit, at chambers, are hereby prohibited from taking further cognizance of the 'Amended motion and petition of Annie Thelma K. Parker by her next friend J. S. Low to remove A. W. Carter as guardian,' and from further proceeding therein; and you, the said J. S. Low, next friend of Annie T. K. Parker, a minor, are prohibited from proceeding further in said amended motion and petition until further order of the Supreme Court of the Territory of Hawaii.

"And you and each of you are further commanded to appear and be before the Supreme Court of the Territory of Hawaii upon Monday the 3rd day of October, A. D. 1904, to show cause, if any you have, why this writ should not be made perpetual.

"Witness the Honorable Walter F. Frear, Chief Justice of the Supreme Court, etc.

"GEO. LUCAS,
"Clerk."

COULD SCARCELY WALK.—Mr. G. S. Purton, a resident of Kyneton, Victoria, Australia, says: "Some time ago I was attacked with severe pains and stiffness in my legs, which affected me so that I could scarcely walk, when I was recommended to try a bottle of Chamberlain's Pain Balm by our local chemist, Mr. Stredwick. I have used it once a day since, and have experienced wonderful relief. I am indeed grateful for the good it has done me and shall be happy to recommend Chamberlain's Pain Balm to anyone suffering from a similar complaint." For sale by all dealers. WELLESLEY FRESHMAN YEAR AT PUNAHOU

Upon his recent trip to the East, President Griffiths visited Wellesley College and made arrangements there whereby the Freshman work of Wellesley College will be given at Punahou. This is at once a recognition of the high standing Oahu College has at Wellesley and a boon to the Islands girls who wish to enter Wellesley. By this arrangement, girls may do their first year's college work at Punahou and be sure that it will satisfy all requirements at the Eastern college. Miss Eleanor Waterhouse who graduated this year and Miss Margaret Peterson who graduated last year will enter Wellesley this fall.

Mr. Samuel P. French who has been taking graduate work in Education and History at Harvard during the last year will resume the principalship of the Punahou Preparatory school this year. The same corps of teachers practically will have charge of the grades as last year.

Mr. and Mrs. Gerard Barton returned yesterday on the Archer. They will take up the work of the music department at once. Mr. Barton already has under consideration some good things for the Honolulu musical public.

The boarding department is more than full. So many applications for places have been received in excess of the accommodations that plans are being considered for the enlargement of the capacity of the buildings.

The buildings have in large part been repainted, repapered and renovated in every way. Everything is in readiness for the new school year. Judging by the large early enrollment, it is confidently expected that the attendance will be the largest in years.

Do you not now see the significance of The Prudential's Rock of Gibraltar trade mark? It has the largest premium income of any company confining its operations exclusively to the United States, yet it is only half the age of many American companies. Would you know one of the chief reasons for this? If so, examine the features of its new "Ordinary" policies, which we will be pleased to send you on request.
